

SUPER ACHIEVER COURSE SYLLABUS

PHYSICS	CHEMISTRY	BIOLOGY
Kinematics	Organic Chemistry (Excluding Nomenclature & Isomerism)	Biological Classification, Plant Kingdom
Newton's law of Motion	Periodic Table	Animal Kingdom
Centre of Mass, Collision & Rotational Motion	Chemical Bonding	Cell : The unit of life, Cell division
Thermal Properties of Matter	Coordination Chemistry	Plant Physiology
Kinetic Theory of Gases	Chemical Kinetics	Breathing and Exchange of Gases (Respiratory System), Excretory Products and their Elimination (Excretory System), Digestive System
Oscillations, Waves Motion	Electro Chemistry	Body Fluids and Circulation (Circulatory System), Chemical Coordination and Integration (Endocrine System)
Capacitance, Current Electricity	Solution	Human Reproduction, Reproductive Health
Electrostatics	Solid State	Principle of Inheritance & Variation, Molecular Basis of Inheritance
Electromagnetic Induction, Alternating Current	Chemical Equilibrium	Human Health and Disease
Ray Optics, Wave Optics	Ionic Equilibrium	Biotechnology : Principle and process, Biotechnology and it's Application
Dual Nature of Matter & Radiation	Thermodynamics	Ecology
Nuclei		Reproduction in Flowering Plant

Rest Topics will Cover through Motion Learning App (Recorded & Discussion Classes)
