

**TAKE THE FIRST STEP
TO A BRIGHT FUTURE**

MOTION[®]

Now India's **BEST FEEDBACK FACULTIES** for **Foundation** (Class 6th to 10th) under one roof

“ Training your mind at an early stage helps to develop analytical, reasoning, logical skills and once you start developing these skills, you'll acquire an edge over others right from the beginning. Motion Foundation Division has been specially designed to build a strong foundation & consistency through comprehensive training which will help students emerge successful in school academics as well as competitive exams. Starting early gives more time to plan as well as helps in getting student's basics right and master the core syllabus.

”

NITIN VIJAY (NV Sir) Founder & CEO

Foundation

(For classes 6th to 10th)

What can be a better step than a well-planned Early Start!

Motion's Foundation prepares students for various competitive examinations and olympiads for classes 6th to 10th. We focus on intelligence quotient (IQ), mathematical aptitude, scientific temperament, logical thinking, reasoning skills & problem solving skills through classroom programs and workshops. Our comprehensive approach ensures that students of class 6th to 10th achieve success in their school exams, Boards, NTSE, STSE, KVPY, NMTC, IESO & several National / International Olympiads such as PRMO / IJSO / NSEP / NSEB / NSEC / NSEA / IMO / NSO / NSTSE etc.

Motion Foundation has been specially designed to build a strong foundation & consistency through comprehensive training which helps a students emerge successfully in school academics as well as competitive exams. We make sure that every student realizes his/her potential and nurture it through knowledge.

'Nurturing Potential through Education'.

NTSE National Talent Search Exam (NTSE) scholarship test for class 10th to PhD level conducted by all States and Union Territories from 1961.

Benefits of NTSE exam

- u Around 2000 NTSE scholars are selected for scholarships.
- u Scholarship worth ₹ 1250 is provided to the candidate who qualifies the examination.
- u Scholarship amount for Ph.D. is paid as per UGC norms.

IJSO The International Junior Science Olympiad (IJSO) is a competitive examination open for students of all countries in the world, primarily studying in secondary schools. All basic subjects of Science (physics, chemistry & biology) & Mathematics are given roughly equal representation in the IJSO examination.

PRMO The first stage examination, the pre-Regional Mathematical Olympiad (PRMO) is a two and half hour examination with 30 questions. The answer to each question is either a single digit number or a two digit number and will need to be marked on a machine readable OMR response sheet.

Tapasya Program

Class 9th & 10th

Chase your dream of clearing JEE/NEET from an early age

The program is specially designed for students who aspire to prepare for JEE (Main+Advanced)/NEET Entrance Exams from Class 9th & 10th. It give students the opportunity to prepare thoroughly while laying a strong foundation for them.

FEATURES :

- * Created by Highly Experienced Faculties
- * Question Bank with Answers of previous year JEE(Main & Advanced)/ NEET papers
- * Monthly Student's Performance report
- * Classes taken by expert faculty team
- * Live Doubt Support
- * Printed Study Material and Test

Nishkarsh Career Selection Test

Nishkarsh Career Selection Test will help the students in analyzing their strengths and weaknesses, to identify the right career path at an early stage and helping them in choosing the right career after Class 10th. The goal of NCST is to create a clear thinking in the student's mind and making them realize in which subject lies their strength, based on which they can choose their desired career, i.e. JEE/NEET.

Appear & Qualify Nishkarsh Career Selection Test for enrolling in Tapasya Program.

MyBizKid

Free for Foundation Classroom Students

Develop your child's leadership skills and give them the right tools to succeed.

Students who enroll in Motion Foundation Online/Offline courses will be offered free MyBizKid classes to help them learn about finance and business.

About MyBizKid:

MyBizKid is the first of its kind online MBA program specially designed for kids aged 8 to 16. Each class has been designed and vetted by experts of the concerned fields, always under the supervision of Mr. Nitin Vijay and Dr. Swati Vijay.

Along with imparting theoretical knowledge, the MyBizKid faculty also focuses on developing the soft skills of children that enroll with us. Kids will be put in different real-world situations and learn how to act accordingly.

Vision & Mission

The vision is simple!

MyBizKid believes in a future where each and every child has the ability to spread their wings, and soar high up in the sky! We see children with the skills and knowledge to become great Leaders, and bring meaningful changes in our society.

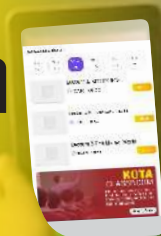

What's Our Mission?

To provide the right guidance and tools to every child that trusts us with their future, and make them a leader in whatever field they choose.

Motion Olympiad Program

Class 6th to 10th

Study from Home
Any time any where

A Motion Olympiad program is designed for class 6th to 10th students by Motion Education to develop analytical thinking and learning process to ensure success by providing the best online academic support, exam pattern and best-experienced faculties. This program is a platform for cracking NTSE, IJSO, PRMO IOS, ANCO, NSTSE, NSO, IEO and various Olympiads at the national and international levels. School students can test their understanding, level of knowledge, and power of reasoning with the help of this program.

Subjects covered - Physics, Chemistry, Mathematics, Biology, Social Studies and Mental Ability.

FEATURES :

- * Advance animated recorded Video lecture
- * Created by Highly Experienced Faculties
- * Innovative Teaching Methods helps in conceptualizing complex-concepts
- * Efficient problem-solving methods by Experts
- * In-depth approach towards class-wise syllabus
- * Crystal-clear understanding of concepts
- * Concise theory with proofs and detailed explanation
- * Regular mock tests and quizzes to analyze student's progress level
- * Classes taken by PRMO Expert Faculty Team
- * Live Doubt Support

MOST a new way to assess and improve

HOW IS MOST DIFFERENT?

MOST not only assesses how well students understand the concepts they have been taught; it assesses their thinking and problem-solving skills needed for success in :

○ Physics ○ Chemistry ○ Maths/Biology ○ Mental Ability ○ Other Subject

MOST is developed annually by a team of highly experienced competitive exam experts and Gurus, with rigorous reviews at each stage of preparation. Subject matter experts develop new questions each year, drawing on their in-depth understanding of the way students learn.
